Dear Sol,

I particularly wanted to ensure that the enclosed intelligence report had been brought to your attention. It emphasizes how closely intertwined are the Arab/Israeli problem and our problems in Iran and Afghanistan. [redacted]

I hope we are providing you full support through normal channels, but I wanted to double check in this case. If your time permits between trips to the Middle East, perhaps we could have lunch some day with a few members of our staffs and talk over any ways in which we could give you anymore assistance. [redacted]

Thanks. [redacted]

Yours,

STANSFIELD TURNER
